Location Madrid, Spain

Profile I started by designing interfaces; today I build complete products. Every stage is still part of how I work.

Experience 4 roles · 2010 – today

Monty Global Payments SA

Frontend Developer

Sep 2021 – **Present**
5 yrs 2 mos

- Development and maintenance of web applications using Bubble and Angular v13.
- Built two internal applications from scratch for the Compliance Department, digitalizing processes and improving operational efficiency.
- Designed intuitive, user-centered interfaces.
- Optimized performance and usability of web applications.
- Collaborated with multidisciplinary teams in international projects

AV Medios S.L.

Creative Director

Sep 2016 – Jun 2021
4 yrs 10 mos

Led the creative team for corporate and cultural events, both live and hybrid.

- Built the web and digital solutions for hybrid events, which is where I started coding.
- Graphic design, motion graphics and scenography; recording, streaming and content projection.

Almoe AV Rentals (Dubái)
